# Sunshine COMPETITION

## WIN Solar Panels For Your School

At Storengy UK we want to lead the transition to zero carbon. We need the help of the future generation to share ideas on the best ways to achieve this.

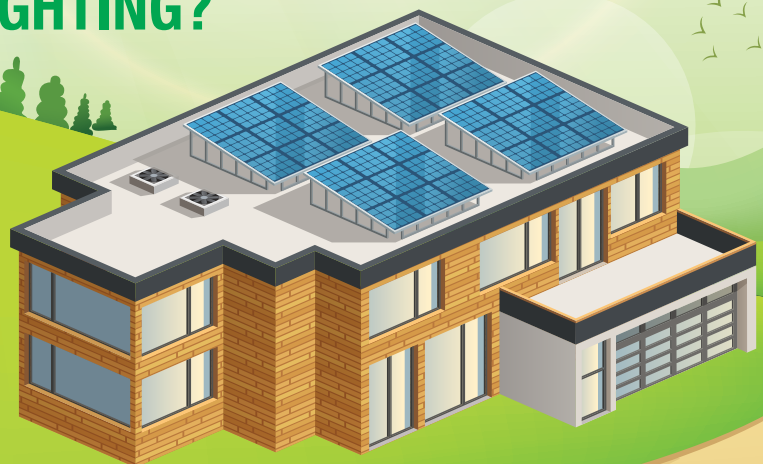

How to win – tell us your plans to respond to the climate emergency. There are no rules as to what format you choose to submit your entry. Be as creative as possible! Entries will be judged on the quality of their impact on the local community, their impact on climate change, their originality and the overall creativity of the ideas presented. Get your ideas to us by Friday 3rd of April 2020 and the best entry will receive solar panels. Prizes will also be given to runners up...
