2. Scope of Storage Services Contract

- 2.1 During the Contract Period, the Customer may use the Storage Facility by injecting Gas into the Storage Facility, by having Gas-in-Storage within the Storage Facility and by withdrawing Gas from the Storage Facility, in accordance with the provisions set out in this Storage Services Contract.
- 2.2 For the purposes of this Storage Services Contract:
- (a) references to injection and withdrawal of Gas from the Storage Facility shall be construed as follows:
 - (i) 'injection' is the injection of Gas into the Storage Facility;
 - (ii) 'withdrawal' is the withdrawal of Gas from the Storage Facility;
 - (iii) an injection or withdrawal is made by the Customer where it is made pursuant to a Nomination made or deemed to be made by the Customer; and
 - (b) references to quantities of Gas injected and withdrawn shall be construed as meaning quantities of Gas injected and withdrawn pursuant to the terms of this Storage Services Contract, any other agreement entered into between SL and the Customer in connection with this Storage Services Contract and, as appropriate, any other Principal Contract.

3. Gas-in-Storage

- 3.1 Subject to Clause 3.3, the Customer's **Gas-in-Storage** at the end of any Day during the Contract Period in respect of the Storage Facility is:
- (a) the sum of:
 - (i) the Customer's Gas-in-Storage (if any) on the Entitlement Start Date;
 - (ii) the quantities of Gas injected by the Customer on Days in the Contract Period up to and including such Day; and
 - (iii) the quantities of Gas subject to Gas Transfers made in favour of the Customer with effect from Days in the Contract Period up to and including such Day; less
 - (b) the sum of:

- (i) the quantities of Gas withdrawn by the Customer on Days in the Contract Period up to and including such Day; and
- (ii) the quantities of Gas subject to Gas Transfers made by the Customer with effect from Days in the Contract Period up to and including such Day,

and for the avoidance of doubt the Customer's Gas-in-Storage at the beginning of any Day shall be the Customer's Gas-in-Storage at the end of the Preceding Day as calculated in accordance with this Clause 3.1.

- 3.2 Where the Customer has Gas-in-Storage in the Storage Facility the Customer is entitled (subject to and in accordance with this Storage Services Contract) to have a quantity of Gas, up to the amount of its Gas-in-Storage, delivered to the NBP by way of withdrawal, and (without prejudice to Clauses 8 and 20) has no other entitlement in respect of Gas-in-Storage.
- 3.3 Where the amount determined in respect of the Customer in accordance with Clause 3.1 is negative, the Customer's Gas-in-Storage shall be zero (0) and the provisions of Clause 7.2 shall apply.
- 3.4 Without prejudice to the other provisions of these GTCs, SL will develop and maintain operating guidelines in respect of the procedures relating to Transfers and Nominations as envisaged in Clauses 8 and 9 and Schedule B (the **Operating Guidelines**). SL shall publish a copy of the Operating Guidelines on its website and may from time to time revise such guidelines and shall make available on its website any such revisions. - 3.7 SL shall have title to and, without prejudice to Clauses 24.3 and 24.4, risk in all Gas contained in the Storage Facility.
- 3.8 SL warrants to the Customer that it will have title to all Gas withdrawn from the Storage Facility at the NBP and that all such Gas shall be free from lien, charge, encumbrance, or adverse claim (as to title or otherwise) including any claim for any tax, royalty or other third party claim arising on or before withdrawal from the Storage Facility.
- 3.9 The Customer warrants to SL that it will have title to all Gas injected into the Storage Facility at the System Exit Point and that all such Gas shall be free from lien, charge, encumbrance, or adverse claim (as to title or otherwise) including any claim for any tax, royalty or other third party claim arising on or before injection into the Storage Facility.

SMSP(D) is the System Marginal Sell Price in pence/kWh on such Day; and

DQP_{MAX}(D) is the Injection Overrun Quantity in kWh.

7.2 **Withdrawal overruns**

If on any Day the Customer has a Withdrawal Overrun Quantity greater than zero (0), SL shall sell to the Customer the Withdrawal Overrun Quantity from SL at a purchase price calculated in accordance with the following formula:

- (d) Where a Storage Customer ceases to be a Storage Customer SL may seek to dispose of Capacity equivalent to that Storage Customer's Capacity in such manner as SL deems appropriate.

9.5 **Communications**

A Communication given by a Party to the other Party pursuant to this Clause 9 may be given by a Party to the other Party in accordance with the notification procedures set out in either Clause 27.1(b) or Clause 27.1(c).

10. **Allocation**

10.1 Subject to Clauses 12.2, 13.1, 13.2, 13.3, 13.4 and 18.8, the quantity of Gas accounted for as injected or withdrawn on a Day to or from the Storage Facility by the Customer will be the final scheduled Nominated Quantity under its Nomination (or Renomination) prevailing at the end of the Day.

10.2 Where the Customer makes Injection Nominations in relation to the Storage Facility or the Customer makes Withdrawal Nominations in relation to the Storage Facility the Customer shall pay Injection Charges and/or Withdrawal Charges (in accordance with Clause 11.2) on the Nominated Quantity under its Injection Nomination and/or Withdrawal Nomination (as the case may be) on the Day.

- 10.3 Without prejudice to Clause 10.1, the physical flows of Gas at the Storage Facility may differ from the quantities in respect of which the Customer made a Nomination.
- 10.4 The Customer, if a User-Customer, hereby authorises and appoints SL as its agent (and as User Agent for the purposes of the Code).
- 10.5 Where the Customer is a User-Customer, SL agrees to submit to NGG each Day a final NBP Nomination or Exit Allocation Statement on behalf of the Customer in which the quantity specified as delivered to or offtaken from the System by the Customer is equal to the quantity to be allocated to such Customer (as withdrawn or injected by it) in respect of the Storage Facility in accordance with this Storage Services Contract. SL shall be deemed to have submitted a NBP Nomination or (as the case may be) an Exit Allocation Statement where the quantity allocated to the Customer as injected into or (as the case may be) withdrawn from the Storage Facility on a Day in accordance with this Storage Services Contract is equal to the quantity determined as delivered to or (as the case may be) offtaken from the System on such Day by such Customer at the System Exit Point in accordance with the provisions of section R of the Code which apply where no such NBP Nomination or Exit Allocation Statement is submitted in respect of a Day.
- 10.6 Where the Customer is a User-Customer SL undertakes to ensure that NBP Nominations and Exit Allocation Statements submitted in accordance with Clause 10.5 on behalf of the Customer and any other person entitled to receive an allocation of Gas for the purposes of the Code at the NBP or Storage Connection Point (as relevant) are accepted by NGG pursuant to the relevant sections of the Code.
- 10.7 SL may develop and establish in consultation with the Customer, other Storage Customers and Non-User Customers alternative allocation arrangements (to those provided for in Clause 10.5) so as to: (i) enable Non-User Customers to receive an allocation of Gas in accordance with the terms of these GTCs at the Storage Connection Point, (ii) enable Non-User Customers to receive an allocation of Gas for the purposes of the Code at the Storage Connection Point and (iii) facilitate the trading of Gas at the Storage Connection Point (**New Allocation Arrangements**).
- 10.8 Without prejudice to the provisions of Clauses 10.5 and 10.6, nothing in this Storage Services Contract shall prevent or otherwise restrict SL entering into New Allocation Arrangements with the Customer, any other Storage Customer, any Non-User Customer or any other customer with whom SL has a storage agreement in respect of the Storage Facility in respect of which the New Allocation Arrangements are to apply at the Storage Connection Point. Where the Customer is a User-Customer and SL and the Customer enter into New Allocation Arrangements such arrangements will be in substitution of the provisions of Clauses 10.5 and 10.6.
- 10.9 In the event that at the date of this Storage Services Contract, New Allocation Arrangements are in existence:
- (a) where the Customer and SL have entered into New Allocation Arrangements on or prior to such date, such arrangements will be used for the purposes of this Storage Services Contract and will be in substitution for the provisions of Clauses 10.5 and 10.6; or

- (b) where Clause 10.9(a) does not apply, where the Customer is a User-Customer the provisions of Clauses 10.5 and 10.6 shall apply and where the Customer is a Non-User Customer the provisions of Clause 10.10 shall apply.

10.10 Where the Customer is a Non-User Customer, until such time as the Customer enters into New Allocation Arrangements with SL, the Customer may hold and transfer Capacity and Gas-in-Storage, but shall not be entitled to inject Gas to or withdraw Gas from the Storage Facility (and accordingly must arrange to transfer such Capacity or Gas-in-Storage in order to derive any benefit therefrom).

11. Injection and Withdrawal

11.1 The Customer may inject Gas into or withdraw Gas from (as the case may be) the Storage Facility on any Day (including a Day on which Gas is being withdrawn or injected (as the case may be) from the Storage Facility) in accordance with this Storage Services Contract.

11.2 The Customer shall pay Injection Charges in respect of Injection Nominations and Withdrawal Charges in respect of Withdrawal Nominations in accordance with the Specific Terms. Injection Charges and Withdrawal Charges will be invoiced and are payable monthly in accordance with Clause 16.

12. Maintenance

12.1 Planned Maintenance

- (a) The Injection Maintenance Days and Withdrawal Maintenance Days (if any) and corresponding Injection Maintenance Factor and Withdrawal Maintenance Factor for such Days shall be specified in the SL Maintenance Programme provided that SL may revise (but without prejudice to Clause 12.1(d)) by notice to the Customer:
 - (i) the Days which are Injection Maintenance Days and Withdrawal Maintenance Days and the respective Injection Maintenance Factor and Withdrawal Maintenance Factor applying in respect of any such Day not later than fourteen (14) Days prior to the commencement of the relevant calendar month; and
 - (ii) the Injection Maintenance Factor and Withdrawal Maintenance Factor applying (in substitution of that advised under Clause 12.1(a)(i)) in respect of an Injection Maintenance Day or Withdrawal Maintenance Day (as the case may be) by not later than eighteen (18) hours prior to the commencement of the Gas Flow Day.
- (b) The sum of Injection Maintenance Days and Withdrawal Maintenance Days (and the Injection Maintenance Factors and Withdrawal Maintenance Factors applying on such Days) shall not exceed what is reasonably required for the purposes of maintenance.
- (c) In respect of the Storage Facility, the **Amount of Planned Maintenance** at any time in the Storage Year shall be determined in accordance with the following formula:

$$APM = \sum_{d=1}^n (1 - imf_d) + \sum_{d=1}^p (1 - wmf_d)$$

where:

APM is the Amount of Planned Maintenance;

n is the number of Days which have been Injection Maintenance Days in such Storage Year up to and including the Day in respect of which the Amount of Planned Maintenance is to be determined; and

p is the number of Days which have been Withdrawal Maintenance Days in such Storage Year up to and including the Day in respect of which the Amount of Planned Maintenance is to be determined;

and for each Injection Maintenance Day (d) or Withdrawal Maintenance Day (d) in the Storage Year:

imf_d is the Injection Maintenance Factor applying on the Injection Maintenance Day (d); and

wmf_d is the Withdrawal Maintenance Factor applying on the Withdrawal Maintenance Day (d).

- (d) SL shall use its reasonable endeavours to co-ordinate with NGG in carrying out maintenance to injection facilities with NGG's maintenance to those parts of its system affecting the ability to make available Gas at the Storage Connection Point.

12.2 Unplanned Maintenance

- (a) SL shall notify the Customer that injection to or withdrawal from (as appropriate) the Storage Facility for that Day or Days is to be cancelled or partially cancelled, by notice given not later than eighteen (18) hours prior to the commencement of the Gas Flow Day and specifying such Day(s) (each an **Unplanned Maintenance Day**) and the Unplanned Injection Maintenance Factor or Unplanned Withdrawal Maintenance Factor (as the case may be) applying in respect of any such Day(s) and for the avoidance of doubt if no notice is given by eighteen (18) hours prior to the commencement of the Gas Flow Day as aforesaid then the provisions of Clause 10.1 shall apply for that Gas Flow Day but this shall be without prejudice to the right to claim Force Majeure under Clause 18.
- (b) The sum of Unplanned Injection Maintenance Days and Unplanned Withdrawal Maintenance Days (and the Unplanned Injection Maintenance Factors and Unplanned Withdrawal Maintenance Factors applying on such Days) shall not exceed what is reasonably required for the purposes of unplanned maintenance.
- (c) In respect of the Storage Facility, the **Amount of Unplanned Maintenance** at any time in a Storage Year will be determined in accordance with the following formula:

$$AUM = \sum_{d=1}^n (1 - umif_d) + \sum_{d=1}^p (1 - umwf_d)$$

where:

AUM is the Amount of Unplanned Maintenance;

n is the number of Days which have been Unplanned Injection Maintenance Days in such Storage Year up to and including the Day in respect of which the Amount of Unplanned Maintenance is to be determined; and

p is the number of Days which have been Unplanned Withdrawal Maintenance Days in such Storage Year up to and including the Day in respect of which the Amount of Unplanned Maintenance is to be determined;

and for each Unplanned Injection Maintenance Day (d) or Unplanned Withdrawal Maintenance Day (d) in the Storage Year:

umif_d is the Injection Unplanned Maintenance Factor applying on the Unplanned Injection Maintenance Day (d); and

umwf_d is the Withdrawal Unplanned Maintenance Factor applying on the Unplanned Withdrawal Maintenance Day (d).

12.3 If the Amount of Unplanned Maintenance and the Amount of Planned Maintenance exceed the limits as set out in the Specific Terms, SL shall pay compensation to the Customer in accordance with the Specific Terms.

13. Interruptions

13.1 Customer tender failures

Where, in respect of any Day, Gas is not tendered by the Customer at the System Exit Point for injection, or is tendered for injection at a pressure less than the anticipated normal offtake pressure specified in the Storage Connection Agreement, or the quality of Gas so tendered is not in compliance with the Applicable Offtake Requirements and SL (in accordance with Clause 24.1) rejects such Gas, SL may elect that Clause 18.8 shall apply, *mutatis mutandis*, in respect of the Storage Facility for that Day (and SL will not be liable to make any payment to the Customer by reason of such election) provided that where a NGG Interruption Notice has been given, SL will indemnify the Customer and hold it harmless against any charges payable by the Customer to NGG pursuant to the Code in respect of the failure by SL to interrupt the offtake of Gas at the System Exit Point.

13.2 System Constraints

Where in respect of any Day the withdrawal of Gas from the Storage Facility is affected as a result of the pressure in the System at the System Entry Point exceeding the maximum delivery pressure specified in the Storage Connection Agreement, or of any other transportation constraint affecting the withdrawal of Gas at the System Entry Point, SL may elect that Clause 18.8 shall apply, *mutatis mutandis*, in respect of the Storage Facility

for that Day (and SL will not be liable to make any payment to the Customer by reason of such election).

13.3 Gas Supply Emergency

On any Day during a Gas Supply Emergency SL may take steps to increase Gas flow rates at the Storage Facility in order to comply with NGG's instructions pursuant to section Q3.3.3 of the Code notwithstanding the Customer's Nominations in respect of such Day and the following provisions shall apply in respect of such Day:

- (a) the quantity of Gas accounted for as withdrawn will be determined in accordance with this Clause 13.3 and:
 - (i) Clause 10.1 shall not apply in respect of quantities of Gas withdrawn by the Customer on such Day;
 - (ii) the Forward Quantity will be:
 - (1) provisionally apportioned by SL to Storage Customers (including Non-User Customers) pro rata to their respective amounts of Gas-in-Storage at the beginning of such Day;
 - (2) in respect of the quantities provisionally apportioned under paragraph (1), the quantity provisionally apportioned to Customers shall be allocated to SL in each case for the purposes of any Entry Allocation Statement to be submitted to NGG (in respect of such Day);
 - (3) each Customer shall be deemed to have made a gas transfer in favour of SL for a quantity of Gas equivalent to that provisionally apportioned under paragraph (1) (and such quantity shall for the purposes of Clause 3.1(b)(ii) be deemed to be a quantity in respect of which such provision applies);
 - (4) as soon as reasonably practicable following cessation of the Gas Supply Emergency, SL shall pay to each Customer an amount calculated as that amount provisionally apportioned under paragraph (1) to each such Customer multiplied by the price paid by NGG to SL as a result of SL having delivered more Gas to the System than it offtook on such Day less charges incurred by SL in respect of NTS Entry Capacity at the NBP; and
- (b) where the Customer is a Non-User Customer, the Customer acknowledges SL's obligations in respect of complying with NGG's requests and instructions pursuant to the Storage Connection Agreement and authorises SL to make available the Customer's Gas-in-Storage for the purposes of SL complying with any such request or instruction.

13.4 NEC curtailment

Where in respect of any Day the NEC instructs SL (either directly or indirectly) to curtail or reduce Gas flows at the Storage Facility, SL may take steps to curtail Gas flow rates at the Storage Connection Point to such levels which in SL's opinion (acting reasonably) shall

ensure that the NEC's instruction is complied with; and SL may elect that the following provisions shall apply in respect of the Storage Facility for that Day (and SL will not be liable to make any payment to the Customer by reason of such election):

- (a) Clause 10.1 shall not apply in relation to the Forward flow of Gas (but, for the avoidance of doubt, Clause 10.1 shall apply in relation to the Reverse flow of Gas); and
- (b) the quantity of Gas accounted for as injected or withdrawn in relation to the Forward flow will be determined as follows:
 - (i) SL will determine, for each Storage Customer, the quantities in relation to the Forward flow of Gas which would (if Clause 10.1 were to apply) be the Delivered Quantity for Base, Unbundled Capacity, UIOLI and Flow Reversal; and
 - (ii) the Forward Quantity shall be allocated to Storage Customers pro rata to their respective Scheduled Quantities first in respect of Base (minus the Flow Reversal Scheduled Quantity if any), next (if any Forward Quantity remains unallocated) in respect of Unbundled Capacity, next (if any Forward Quantity remains unallocated) in respect of UIOLI.

14. Unbundled Capacity and UIOLI Capacity

- 14.1 Notwithstanding any other provision of this Storage Services Contract, SL shall notify the Customer not later than the Preceding Day of any UIOLI Capacity to be made available to the Customer by SL on a Day. Unbundled Capacity will be notified at SL's discretion up to and including within Day, in accordance with the provisions set out in paragraph 2 of Schedule C.
- 14.2 Where the Customer elects to utilise Unbundled Capacity and/or UIOLI Capacity made available by SL to the Customer, the provisions of Schedule C shall apply.
- 14.3 The Customer shall pay charges in respect of quantities injected into and withdrawn from the Storage Facility as follows:
 - (a) for UIOLI Capacity: the charges shall be equal to the UIOLI quantity allocated to the Customer multiplied by the associated UIOLI Price; and
 - (b) for Unbundled Capacity: the charges shall be equal to the total capacity purchased by the Customer multiplied by the rate notified by SL to the Customer at the time of purchase,
 - (c) and, for the avoidance of doubt, no Injection Charge or Withdrawal Charge shall be charged by SL to the Customer in respect of any Delivered Quantity in respect of Unbundled Capacity or UIOLI Capacity. All charges arising under this Clause 14.3 will be invoiced and are payable monthly in accordance with Clause 16.

15. Flow Reversal

- 15.1 Where the Customer changes its gas flows from withdrawal to injection, the Flow Reversal Checked Quantity for injection shall be equal to the sum, if positive, of:

- (a) Deemed Base Withdrawal Flow; plus
 - (b) the Received Quantity for injection; less
 - (c) the Received Quantity for withdrawal.
- 15.2 Where the Customer changes its gas flows from injection to withdrawal, the Flow Reversal Checked Quantity for withdrawal shall be equal to the sum, if positive of:
- (a) Deemed Base Injection Flow; plus
 - (b) the Received Quantity for withdrawal; less
 - (c) the Received Quantity for injection.
- 15.3 The maximum number of Flow Reversals that the Customer may make on any Day shall be as set out in the Specific Terms.
- 15.4 The hourly rate for Flow Reversal Checked Quantity for injection or withdrawal (as appropriate) shall not exceed the Adjusted Injectability rate (for injections) or the Adjusted Withdrawal rate (for withdrawals).
- 15.5 The Flow Reversal Checked Quantity may also be reduced by SL to be compliant with paragraphs 1.2 or 1.3 of Schedule B.
- 15.6 The **Flow Reversal Scheduled Quantity** for withdrawal or injection (as the case may be) shall be equal to the Flow Reversal Nominated Quantity for withdrawal or injection (as appropriate), the hourly rate being not greater than the Effective Deliverability hourly rate or Effective Injectability hourly rate (for withdrawals and injections respectively).
- 15.7 For the avoidance of doubt, where the Customer makes Injection Nominations and/or Withdrawal Nominations which result in a Flow Reversal, the Customer shall pay Injection Charges and Withdrawal Charges (in accordance with Clause 11.2) on the Nominated Quantity under its Injection Nomination and Withdrawal Nomination (as the case may be) on the Day.

16. Invoicing and Payment

16.1 General

- (d) An Invoice shall be submitted by SL to the Customer in accordance with the notification procedure set out in Clause 27.1(b) unless the Customer notifies SL in writing that it wishes to receive Invoices by post or such other means as the Customer and SL agree in writing.
- (e) SL will endeavour to submit an Invoice in respect of each Invoice Period on or before the Invoice Submission Date (provided that no delay in submitting an Invoice will prejudice the liability of the Customer for the amounts in relation thereto).
- (f) Notwithstanding Clause 16.2(e) and without prejudice to Clause 19.6(b), SL may at any time after a Termination Notice has been submitted in accordance with Clause 19 submit an Invoice in respect of:
 - (i) an Invoice Period, or part of an Invoice Period ending at or before the time at which SL submits such Invoice; and
 - (ii) Capacity Charges for Invoice Periods after the date referred to in Clause 19.5(a) in accordance with Clause 19.6(b),

- (ii) the Customer shall specify a due date for payment by SL of such invoice no earlier than the twelfth (12th) Day after the invoice was deemed to be received in accordance with Clause 27.

16.3 Payments

- (a) All amounts expressed as payable under this Storage Services Contract are exclusive of any applicable Value Added Tax and Value Added Tax shall be paid by the paying party where payable in respect of any such amount.
- (b) SL and the Customer shall each notify the other of the account name, number, name, address and sort code of the receiving bank in the United Kingdom to which payments by the Customer to SL, or by SL to the Customer, are to be made: (i) as soon as possible following the date of this Storage Services Contract; and (ii) not less than thirty (30) Days prior to the date on which any changes to such details occur.
- (c) Payments of amounts payable under this Storage Services Contract shall be in Pounds Sterling in same day funds to the account of the payee at a receiving bank in the United Kingdom notified to the payer under Clause 16.3(b) and where the payment relates to an Invoice the Customer shall instruct the bank remitting payment of any amount payable under this Storage Services Contract to quote the number (under Clause 16.2(a)(iv)) of the relevant Invoice when remitting such payment.
- (d) Without prejudice to Clause 16.5(c), amounts payable under this Storage Services Contract shall be paid:
 - (i) free and clear of any restriction, reservation or condition;
 - (ii) except to the extent (if any) required by law, without deduction or withholding in respect of tax or on account of any amount due or to become due to the paying party, whether by set-off, counterclaim or otherwise; and
 - (iii) where payment is to be made by the Customer to SL and any deduction or withholding is required to be made by the law of any country other than the United Kingdom:
 - (1) such that the deduction or withholding does not exceed the minimum required;
 - (2) the Customer shall pay SL such additional amounts as will ensure that the net amount received by SL will be equal to the amount which SL would have received had no such deduction or withholding been made; and
 - (3) the Customer shall pay the amount deducted or withhold to the relevant authority in accordance with the relevant requirement of the

law, and provide to SL a receipt issued by such authority (or where such a receipt is not available) a certificate in respect of such payment.

16.4 Late payment

- (a) Where and for so long as any amount payable under an Invoice is not paid on or before the Invoice Due Date, then, from the Invoice Due Date until the Day on which the payment is made, SL shall be entitled to:
 - (i) reject or refuse to accept a Nomination, Renomination or Transfer in relation to the Customer; and/or
 - (ii) give the Customer a Termination Notice (in accordance with Clause 19).
- (b) A Party may commence proceedings against the other Party for recovery of any amount not paid when due as a debt.
- (c) Without prejudice to Clause 16.5(f), where any amount is not paid when due, the paying party shall pay interest, before and after judgement, at the Applicable Interest Rate, on the unpaid amount from the due date until the Day on which the payment is made (and nothing in this Clause 16.4 shall be construed as permitting late payment).
- (d) Interest payable under this Clause 16 shall:
 - (i) accrue on a daily basis and on the basis of a three hundred and sixty-five (365) day year or three hundred and sixty-six (366) in a leap year; and
 - (ii) be compounded to the extent and by virtue of being invoiced (not more frequently than each calendar month) in an invoice.

16.5 Invoice Queries

- (a) SL and the Customer will endeavour to resolve Invoice Queries by agreement (and reference in this Clause 16 to the resolution of an Invoice Query is a reference to the resolution thereof by agreement between SL and the Customer or to the outcome of any proceedings commenced by SL or the Customer in respect thereof).
- (b) Where the Customer wishes to raise an Invoice Query in respect of any amount shown as payable by the Customer under an Invoice, the Customer may by not later than three (3) Days before the Invoice Due Date notify SL of the Invoice Query, specifying:
 - (i) the unique reference number (under Clause 16.2(a)(iv)) of the Invoice;
 - (ii) the Invoice Item to which the Invoice Query relates;
 - (iii) an explanation of the basis on which the Invoice Query arises, and the amount of the Invoice Amount which is subject to the Invoice Query;

- (1) identified by reference to the particular item of supporting data in respect of which the Invoice Query arises; and
 - (2) where the basis of the Invoice Query is that the value of any parameter by reference to which the Invoice is determined is incorrectly stated in the supporting data, the amount (estimated as accurately as reasonably practicable) by which such value is incorrectly stated; and
- (iv) the amount of the Invoice Amount which is not subject to the Invoice Query determined on the basis that only so much of the Invoice Amount as identified in Clause 16.5(b)(iii) is subject to the Invoice Query.
- (c) Where the Customer raises an Invoice Query in accordance with the requirements of Clause 16.5(b) or SL raises an Invoice Query the amount subject to the Invoice Query shall not be payable on the Invoice Due Date, but without prejudice to Clause 16.5(d).
- (d) Where pursuant to Clause 16.5(c), any amount is not paid on the due date, the amount (if any) which is agreed or determined (following resolution of the Invoice Query) to be payable by the Party raising the Invoice Query shall be payable upon such resolution and interest from the due date of the invoice shall be payable in accordance with Clauses 16.4(c) and 16.4(d) on such amount.
- (e) For the purposes of Clause 16.5(d), where it is agreed or determined that the question or dispute the subject of the Invoice Query pursuant to Clause 16.5(d) was a bona fide question or dispute, the Applicable Interest Rate shall be that under paragraph (b) of the definition of Applicable Interest Rate until the expiry of two (2) Business Days following the resolution of the Invoice Query.
- (f) Subject to Clause 16.5(h), nothing in this Clause 16 shall prevent a Party raising an Invoice Query, including in respect of any amount after payment has been made of such amount, or from paying any such amount at the same time as notifying an Invoice Query in respect thereof, provided that (without prejudice to the resolution of the Invoice Query) no constructive trust or other implied term as to the receipt or application by the payee of the amount paid shall arise.
- (g) Where, upon resolution of an Invoice Query or otherwise, it is agreed or determined that any amount or part of any amount paid should not have been paid, the payee shall repay the overpaid amount with interest at the Applicable Interest Rate from the date on which the payment was made to it or if later the Invoice Due Date until the date of such repayment.
- (h) In the absence of fraud, after the expiry of eighteen (18) months (or any other period agreed between SL and the Customer) after the Invoice Due Date in respect of an Invoice:
- (i) no adjustment may be made to an Invoice Amount under that Invoice, other than:
 - (1) an adjustment of which SL has given notice to the Customer;

- (2) an adjustment pursuant to an Invoice Query raised by the Customer in accordance with this Clause 16; or
- (3) before the expiry of such period;
- (ii) no Invoice Query may be raised in respect of the Invoice; and
- (iii) the Invoice shall (subject to any adjustments already made and any permitted under Clause 16.5(h)(i)) be deemed final and conclusive as to the amounts payable thereunder.

17. Liabilities

- 17.1 The maximum aggregate liability of a Party to the other Party under this Storage Services Contract in respect of the non-performance or breach of this Storage Services Contract (including liabilities arising under an indemnity or pursuant to any of Clauses 3.15, 7, 12.3, 13.1, 13.3(a)(ii)(4), 17.7 and 24.3) shall not exceed one million Pounds Sterling (£1,000,000) in respect of any one event or circumstance, subject to the following exclusions:
- (a) any obligation under this Storage Services Contract to pay Storage Charges to SL;
 - (b) any liability arising in respect of the death or personal injury resulting from the negligence of such Party;
 - (c) any liability arising in respect of the fraud or fraudulent misrepresentation of such Party;
 - (d) any other liability which cannot be excluded or limited by law; or
 - (e) any liability arising from the Wilful Default of such Party.
- 17.2 Neither Party shall be liable to the other Party for any Consequential Losses.
- 17.3 The rights and remedies of the Parties set out in this Storage Services Contract in respect of the non-performance or breach by a Party of this Storage Services Contract or for any other claim of whatsoever nature arising out of or in relation to this Storage Services Contract shall be the exclusive remedies of the Parties and shall exclude and are in place of any other rights or remedies of either Party howsoever arising (whether at law, in equity or in consequence of any statutory duty, strict or tortious liability or otherwise). The provisions of this Clause 17.3 shall be without prejudice to the rights of a Party to seek injunctive or declaratory relief in respect of that Party's rights and interests and/or the covenants and obligations of the other Party in accordance with this Storage Services Contract.
- 17.4 Nothing in this Clause 17 shall constitute a waiver by either Party of any right or remedy it may have (other than pursuant to this Storage Services Contract) in respect of a breach by the other Party of any Legal Requirement.
- 17.5 Each provision of this Clause 17 shall be construed as a separate and severable contract term, and shall survive termination of this Storage Services Contract. Additionally, the following provisions shall survive termination of this Storage Services Contract: Clauses 1

(Definitions and Interpretation), 16 (Invoicing and Payment), 19.5 and 19.6 (Term and Termination), 20 (Gas-in-Storage at the end of the Storage Services Contract), 22 (Confidentiality), 25 (Governing law and jurisdiction), 26 (Disputes), 27 (Notices and Communications), 31 (Waiver), 33 (Severance), 34 (Entire Agreement), and 35 (Third Party Rights).

- 17.6 Where any provision of this Storage Services Contract provides for any amount to be payable by a Party upon or in respect of that Party's breach of any provision of this Storage Services Contract both Parties agree and acknowledge that:
- (a) without prejudice to Clause 17.3, the remedy conferred by such provision is exclusive of and is in substitution for any remedy in damages in respect of such breach or the event or circumstances giving rise thereto; and
 - (b) the amount provided to be payable represents a genuine pre-estimate of the loss of the Party to which such amount is payable and the breaching Party hereby waives any claim as to the validity of such amount on the ground that it is void as a penalty.
- 17.7 Except where Clauses 13.3 or 18 apply, where there are insufficient quantities of Gas stored in and available for withdrawal from the Storage Facility pursuant to a Withdrawal Nomination, SL shall be in breach of its obligation to make Gas available for withdrawal by the Customer pursuant to this Storage Services Contract. For the avoidance of doubt, it is agreed that the cost to the Customer of acquiring Gas to replace Gas the Customer has been unable to withdraw as set out in this Clause 17.7 shall not be Consequential Losses.
- 17.8 Where SL pays damages to the Customer as a consequence of the breach specified in Clause 17.7, the Customer shall promptly make a Gas Transfer to SL in respect of a quantity of Gas equal to the quantity of Gas in respect of which SL failed to make available for withdrawal from the Storage Facility pursuant to the Customer's Withdrawal Nomination where: (i) the Customer shall be the transferor; (ii) SL shall be the transferee; and (iii) the Customer's Gas-in-Storage shall be reduced in accordance with Clause 3.1.

18. Force Majeure

- 18.1 For the purposes of this Storage Services Contract, subject to Clause 18.2, **Force Majeure** means any event or circumstance, or any combination of events and/or circumstances, the occurrence of which is beyond the reasonable control of, and could not have been avoided by steps which might reasonably be expected to have been taken by, a Party (the **Affected Party**) and which causes or results in the failure of the Affected Party to perform or its delay in performing any of its obligations owed to the other Party (the **Other Party**) under this Storage Services Contract, including:
- (a) war declared or undeclared, threat of war, act of public enemy, terrorist act, blockade, revolution, riot, insurrection, civil commotion, public demonstration, sabotage, act of vandalism;
 - (b) act of God;
 - (c) strike, lockout or other industrial disturbance;

- (d) explosion, fault or failure of plant, equipment or other installation which the Affected Party could not prevent or overcome by the exercise of the degree of skill, diligence, prudence and foresight which would reasonably and ordinarily be expected from a skilled and experienced operator engaged in the same kind of undertaking under the same or similar circumstances; or
 - (e) governmental restraint or the coming into force of any Legal Requirement.
- 18.2 Inability (however caused) of a Party to pay any amount when due shall not be Force Majeure.
- 18.3 The act or omission of any agent or contractor of either Party shall not be Force Majeure unless such act or omission is caused by or results from events and/or circumstances which would be Force Majeure within the meaning of Clause 18.1 if such person were the Affected Party.
- 18.4 Subject to Clause 18.5, the Affected Party shall be relieved from liability (including any requirement to make payment of any sum or to take any other action but excluding any obligation to make payment under Clause 20) for any delay or failure in the performance of any obligation under this Storage Services Contract which is caused by or results from Force Majeure.
- 18.5 The Affected Party shall be relieved from liability under Clause 18.4 only for so long as and to the extent that the occurrence of Force Majeure and/or the effects of such occurrence could not be overcome by measures which the Affected Party might reasonably be expected to take with a view to resuming performance of its obligations.
- 18.6 Following any occurrence of Force Majeure the Affected Party shall:
 - (a) as soon as reasonably practicable notify the Other Party of the occurrence and nature of the Force Majeure, the expected duration thereof (insofar as the same can reasonably be assessed) and the obligations of the Affected Party performance of which is affected thereby; and
 - (b) from time to time thereafter provide to the Other Party reasonable details of:
 - (i) developments in the matters notified under Clause 18.6(a); and
 - (ii) the steps being taken by the Affected Party to overcome the Force Majeure occurrence or its effects and to resume performance of its relevant obligations.
- 18.7 The Customer shall not be obliged to pay Capacity Charges in respect of any Day during which its ability to inject Gas into, withdraw Gas from or store Gas within the Storage Facility is affected by an occurrence of Force Majeure.
- 18.8 Where SL suffers an occurrence of Force Majeure the following provisions shall apply:
 - (a) Clause 10.1 shall not apply in relation to the Forward flow of Gas (but for the avoidance of doubt Clause 10.1 shall apply in relation to the Reverse flow of Gas);
 - (b) SL will issue an Interruption Notice to the Customer that shall specify:

- (i) the Forward flow;
 - (ii) the Interruption Effective Time;
 - (iii) the interruption factor;
 - (iv) the reason for interruption; and
- (c) the quantity of Gas accounted for as injected or withdrawn in relation to the Forward flow will be determined as follows:
- (i) SL will determine, for each Storage Customer, the quantities in relation to the Forward flow of Gas which would (if Clause 10.1 were to apply) be the Delivered Quantity for Base, Unbundled Capacity, UIOLI Capacity and Flow Reversal; and
 - (ii) the Forward Quantity shall be allocated to Storage Customers pro rata to their respective Scheduled Quantities first in respect of Base (minus the Flow Reversal Scheduled Quantity if any), next (if any Forward Quantity remains unallocated) in respect of Unbundled Capacity, next (if any Forward Quantity remains unallocated) in respect of UIOLI Capacity.

18.9 If an occurrence of Force Majeure prevents one of the Parties from carrying out its obligations for a period in excess of one hundred and fifty (150) consecutive calendar days (such period to be pro-rated accordingly where the Contract Period is less than a full Storage Year), the Parties shall meet within ten (10) Business Days after the end of such period, with a view to considering in good faith adjustments to their respective obligations under this Storage Services Contract, in order to mitigate the effects of this occurrence.

18.10 If the Parties cannot reach agreement on adjustments to be made to their respective obligations pursuant to Clause 18.9 within one hundred and twenty (120) calendar days of first meeting (such period to be pro-rated accordingly where the Contract Period is less than a full Storage Year), either of the Parties may terminate this Storage Services Contract by giving a Termination Notice in accordance with Clause 19.4.

19. Term and Termination

19.1 This Storage Services Contract commences on the date of execution and remains in force until the Entitlement End Date unless terminated earlier in accordance with the provisions of this Clause 19.

19.2 A Party will be in Default if any of the following events or circumstances have occurred:

- (a) where in relation to an amount or amounts (other than an amount which is the subject of an Invoice Query) equal to or greater than ten thousand Pounds Sterling (£10,000):
 - (i) such Party has not paid the amount in full by the fifth (5th) Business Day after the due date for payment;
 - (ii) on or after the fifth (5th) Business Day after the due date for payment the other Party has given notice requiring payment of such amount; and

(iii) the Party has not paid such amount in full by the fifth (5th) Business Day after the date of the notice under Clause 19.2(a)(ii); or

(b) where:

(i) such Party is in material breach of any material provision (other than a payment obligation) of this Storage Services Contract;

(ii) the breach is capable of remedy by such Party;

(iii) the other Party has given notice (making reference to this Clause 19) of such breach to the Party in material breach;

(iv) within fourteen (14) Days after notice under Clause 19.2(b)(iii), the Party in material breach does not either:

(1) remedy the breach in all material respects, where the breach is capable of remedy within such period of fourteen (14) Days; or

(2) where the breach is not so capable of remedy, provide to the other Party a programme (setting out the steps to be taken by the Party in material breach and the timetable for taking such steps) for the remedy of the breach as soon as is reasonably practicable;

(v) in the case in Clause 19.2(b)(iv)(2), the Party in material breach does not:

(1) remedy the breach in all material respects with all reasonable diligence and so far as reasonably practicable in accordance with the programme provided under that clause or a revised programme pursuant to Clause 19.2(b)(v)(2); and

(2) where notwithstanding the reasonable diligence of the Party in material breach it is not reasonably practicable for such Party to remedy the breach in accordance with that programme, provide to the other Party a revised such programme;

(vi) the breach remains unremedied in any material respect after the expiry of seven (7) Days after a further notice by the other Party to the Party in material breach to the effect that the Party in material breach has not complied with Clause 19.2(b)(iv) or (v); or

(c) where:

(i) such Party is in material breach of any relevant provision (other than a payment obligation) of this Storage Services Contract;

(ii) the breach is not capable of remedy;

(iii) the other Party has given notice (making reference to this Clause 19) of the breach to the Party in material breach;

- (iv) at any time within the period of twelve (12) months following the other Party's notice under Clause 19.2(c)(iii), there occurs a further material breach by the Party in material breach of the same provision of this Storage Services Contract; and
- (v) the other Party has given a notice of such further breach to the Party in material breach and a period of seven (7) Days has expired following such notice;
- (d) where such Party suffers an Insolvency Event;
- (e) where such Party breaches Clause 36.1 and Clause 36.2 applies;
- (f) where such Party breaches Clause 37; or
- (g) in respect of the Customer, where Clause 23.2 applies or where the Customer is in breach of the Credit Agreement.

19.3 Upon the occurrence of a Default, and at any time after such occurrence at which the Default is continuing, the Non-Defaulting Party may give notice (a **Termination Notice**) to the Defaulting Party to the effect that this Storage Services Contract will be terminated with effect from the date (which, subject to Clause 19.5(b), may be any date on or after the date on which the notice is given) specified in the notice.

19.4 Where there is the occurrence of Force Majeure and a Party exercises its right to terminate this Storage Services Contract in accordance with Clause 18.10, such Party may give a Termination Notice to the other Party to the effect that this Storage Services Contract will be terminated with effect from the date (which, subject to Clause 19.5(b), may be any date on or after the date on which the notice is given) specified in the notice.

19.5 Where:

- (a) SL gives a Termination Notice to the Customer, with effect from the date specified in the notice; or
- (b) the Customer gives a Termination Notice to SL, with effect from the later of the date specified in the notice or the date on which the following requirements have been satisfied:
 - (i) all amounts payable or which may become payable by the Customer to SL pursuant to any provision of this Storage Services Contract have been paid in full;
 - (ii) the Customer is not party to a Capacity Transfer in relation to which the Transfer Period has yet to expire; and
 - (iii) the Customer has no Gas-in-Storage,

this Storage Services Contract will terminate and subject to Clauses 19.6 and 22.2 SL and the Customer shall cease to be bound by the terms of this Storage Services Contract.

19.6 The giving of a Termination Notice and the application of Clause 19.5:

- (a) shall not affect the rights and obligations of SL and the Customer under this Storage Services Contract (including rights and obligations in respect of the Default, and in respect of amounts including interest payable by the Customer or SL) accrued up to the date referred to in Clause 19.5(a) or as the case may be Clause 19.5(b), which shall continue to be enforceable notwithstanding that Clause; and
- (b) where given by SL shall not relieve the Customer from the liability to pay charges in respect of its NTS Entry Capacity and Capacity Charges that would otherwise have been payable in respect of the period from the date referred to in Clause 19.5(a) until the end of the Contract Period (such NTS Entry Capacity amounts to be determined pursuant to Clause 3.13 and such Capacity Charge amounts to be determined by reference to the Entitlement End Date in respect of the Capacity held by the Customer immediately prior to such date) which such charges in respect of its NTS Entry Capacity and Capacity Charges shall be immediately payable by the Customer. Provided that the provisions of this Clause 19.6(b) shall not apply in the event of Force Majeure, where the provisions of Clause 18 shall apply.

19.7 For the purposes of Clause 19.2(b)(i) and 19.2(c)(i) a breach is a **material breach** of a relevant provision where and only where:

- (a) in the case of a material provision, there is a Wilful Default; or
- (b) in the case of any provision, as a result of the breach the Non-Defaulting Party is in material breach of any material provision of this Storage Services Contract or any Legal Requirement or incurs any material liability or expense,

and shall not include the following breaches:

- (i) a breach by the Customer, other than a Wilful Default, where this Storage Services Contract specifically provides some other remedy for such breach and such other remedy may reasonably be considered to be adequate in the circumstances;

 - (e) any and all communications between, and submissions made by, either of the Parties and the Expert shall be made in writing and a copy thereof provided simultaneously to the other Party and no meeting between the Expert and the Parties or either of them shall take place unless both Parties have a reasonable opportunity to attend such meeting; and
 - (f) the Expert shall give full written reasons for the Expert's determination and shall furnish the Parties a draft of the proposed determination, in respect of which both Parties shall be entitled to make representations to the Expert within fifteen (15) Business Days after receipt.
