**Shaun Sagar Safety Health Environment Quality (SHEQ) Manger, said:**

*This is another superb result for everyone here at Stublach. Last year was challenging, but our collective hard work, along with our core contractor's performance, and our innovative use of available technology, (new inductions system, and SHEQ management platform), has been internationally recognised by RoSPA. The dedication of the entire Storengy UK team every single day to safety is something that I am incredibly proud to be part of. And to be awarded 'Commended' with 12 years of 'Gold Level' status is testament to the hard work. Thank you to RoSPA for recognising our achievement and to the staff at Storengy UK for making sure we all continue to stay safe.*

**Julia Small, RoSPA's Achievements Director, said:**

*"Workplace accidents don't just pose financial risks and operational disruptions; they significantly impact the quality of life for individuals. This is why acknowledging and rewarding excellent safety performance is vital.*
